

TEST RIDING DAYS

Warm up and practise the movements in your chosen test with a listed judge, then ride the test which will be marked by the same judge. The overall time per rider is 45 minutes. Riders may bring a completed score sheet if they wish and discuss it with the judge, and it is always useful to have a friend film the actual test.

Tests will vary but will be posted in the details for specific dates on the calendar page, along with the cost, starting times and contact details.
